Dear Toddler Community Families,

Welcome to the second week of May ☺! We are so glad to share all the daily activities with you. Enjoy your time while using your hands and learning new abilities.

The schedule for today will involve three activities:

1. Leaf Rubbing

- Materials you will use

Paper, leaves, and crayons

- Tips
 1. Bring the materials to the table and name them: Paper, leaves, and crayons. I would put out 2 – 3 different color crayons. If you have the block crayons it will ease the grip for your younger toddler.
 2. Show how to put the leaf on the table, with the bottom side up and then you put the paper on top of the leaf.
 3. Show how to hold the paper on top of the leaf and pass the crayon horizontally on top of the paper. After a while you see the shape of the leaf on your paper.
 4. You can help your child in the beginning to hold the paper on top of the leaf.
 5. Allow your child to repeat for a while.
- 📺 Video available – Art

2. Language

- Materials you will use:
 1. Video with Buffy reading the little story: The Seven Weathers by Margaret Wise Brown.
 2. From the different types of boats series: And the boat of today is... kayak! Please see the pictures below with your child.

- Tips:
 1. Listen to Buffy reading the story The Seven Weathers and talk about the different types of weather. Here in Minnesota we can experience most of the beautiful changes of the weather due to the very defined seasons. Enjoy this time with you little one.
📺 Video available – Books
 2. Read the information below to your child, have fun and allow questions:

A kayak is a small boat that may hold one or two people and moves when you use a special paddle. You can use kayaks at the lakes, ocean, and rivers. It is very fun to go for a ride and appreciate all the beautiful views.

📺 Video available – Language

3. Singing songs

- Please watch the video of Marcela and Maya singing Country Roads. Sing the song and have fun. The toddlers know this song because of a friend who loved to sing it all day long. Have fun 😊.
📺 Video available – Music
