

River Runnings

November 2020

We are feeling so thankful this week...

*for the moderate November weather
for the ability to be on-site with your children
for the donations you given to help keep the classroom supplied
for the special moments we get to enjoy throughout the day
for the current health and well-being of our community*

This week offered a few opportunities to engage in some short-term distance learning with children who joined us from home via zoom. Learning to read a clock (see photo) was the topic for a small group lesson during one of the afternoon's interactive classroom sessions.

We will take time at the end of next week to do a locker and classroom shelf/extra clothing review & clean out. Please continue to send warm layers for your child – we have the windows open every day to keep the fresh air circulating.

There is no school next week on Thursday or Friday, and on Wednesday – there is no Extended Day. All students should be picked up by 3:30 on Wednesday.

We extend our gratitude and warm regards to all of you from Lannette & Jo
